BASSANO, ALBERTA, THURSDAY, JUNE 27, 1918

No. 44

To Serve

the best interests of the Allies you must take advantage of every opportunity of saving money and food.

The best bargain you can buy today is Broken Orange Pekoe, which we are selling at 60¢ per lb. To day's cost price is higher than our selling price.

Conserve

in every direction, especially on flour. The Canada Food Board requires that one pound of some substitute be used with every nine pounds of flour. The best substitute obtainable is Pure Yellow Corn Meal. Try it! You will like it!

Preserve!

Everyone should put up as much preserves as possible this year. We are making a specially good offer of Preserving Strawberries. They will never be cheaper or better. Order now! You will be interested in the new method of preserving butter for shipping overseas. Ask to see it.

BASEBALL

The Gleichen Kindergarten resumed its Baseball lessons on Monday evening at the Bassano School for Backward Ball Boys, and after a two-hour session returned home with much valuable knowledge tucked away in their brains.

It is to be hoped that the good seed sown will germinate quickly so that the fans who will be present at Monday's tournament may have their own swatch of sport with not too much bone thrown in as snake weight. But, that, of course, depends upon the soil, which in this case seems rather too much like gumbo flat.

One feature of Monday's game was deplorable and that was the unsportsmanlike growling at the Umpire's decisions. It is high time that two umpires—one from each team—were appointed to take charge of the games, especially when a team comes to play here carrying prejudice to start with.

Fuzz Malloy, as far as we were able to judge, was eminently fair in his decisions and the actions of Jack MacArthur in particular, were poor-spirited in the extreme. It is an unthankful job at the best but when the players lose their sense of proportion as well as the fans, and kick at every decision given it is small wonder that games often develop into riots.

Ten games was one of the least seen here this year up to the sixth innings, when Benton blew up, and the play was sparkling and keen throughout. The Gleichen south-paw was working like a machine, but his support was weak and north-south, and was seemingly more intent upon picking holes in the decisions of the Umpire than it was of stopping the gaps in the infield.

The final score—10-3 in favor of Bassano—just about represents the difference between the support given the respective pitchers, though at the same time it must be acknowledged that Bassano were playing a keener game throughout, and fuller deserved to win by a large margin.

The game by innings:
1. Jack MacArthur, 2nd to last, when got lost and Graham fanned him flat, Burley to last.

Bassano: B. Graham, hit safe for error; stole 2 and 3 and came home on passed ball—some runner. Billy Jones out; MacGusharty fanned; Burley also, 1 hit, 1 run, 1 error.

2. Gleichen: Bob MacArthur, pitcher to last; MacGusharty fanned; Burley out to Burley.

Bassano: Burley, 2nd to last; Odeur, 1st to last field; Souerville bunted, stole 2nd; Craig safe on last, error on Jack; Souerville fouls via same agency; H. Graham, struck out. 1 hit, 1 run, 2 errors.

Continued on page four

Big Tournament For Dominion Day

The Baseball Club have organized a tournament for July 1st which should provide an interesting and exciting day's sport for the ball fans of the town and district. Gleichen, Gem and Comet will each send a team to compete for the \$200 prize money, while Billy's Bear Cats are sharpening their claws and licking their chops with anticipatory relish.

But in addition to the tournament the boys are arranging for some additional sport in the line of Races etc. for the children, and a grand dance at night is also scheduled.

It is to be hoped that it rains in torrents all day long, but, failing that assurance of a good time for farmers and townspeople generally, the Baseball Club may be depended upon to provide a good day's sport and amusement for everybody.

R. B. Bennett to Speak at Bassano

R. B. Bennett and Mrs. Waeghen are to speak on behalf of the Red Cross Society on Sunday evening at the Presbyterian Church.

It is not necessary to introduce R. B. Bennett. He has spoken too often and well all over the Dominion. Mrs. Waeghen is in a position to give much interesting information about the Society she has done so much for in Alberta and the Church should be packed to capacity on the occasion of their visit.

Opening of U.F.A. Hall

A large number of townspeople took in the festivities connected with the opening of the U.F.A. Hall at Milo on Friday last. Everybody reports having a most enjoyable evening; M. R. Milroy states that he is impressed with the scenery of the district and claims that the air of the Sutherland farm seems "fresher" than any other while "Gus" Hampson, contending that he has learned more of the necessities of tires, tubes and other parts of the machinery of an auto as a result of his trip than he ever dreamed of before. Everybody agrees that the Farmers' hall is a building of which they may be justifiably proud and many expressed the wish that it was located in town.

The erection of such a building reflects the greatest credit upon the organization and speaks eloquently of the co-operative spirit of the farmers in that district.

In compliance with the great demand by farmers of the United States and Canada for a smaller size of the famous

OIL PULL TRACTOR

The Advance-Rumely Thresher Company, Inc., has now designed a

"10-20"

the first output of which is now ready for the market.

The OIL PULL Tractor is now built in four sizes:
10-20 14-28 18-35 30-60
and the same iron-clad written guarantee goes with each.

While at the Calgary Industrial Exhibition, June 26 to July 6th, do not fail to see this new 10-20 Oil-Pull which will be on exhibit at the Advance-Rumely Thresher Company's branch house, Ninth Avenue and Sixth Street West, Calgary.

Round-up of Horses South of the Bow River.

The Provincial Department of Agriculture, co-operating with the Provincial Police and local ranchers, has made a round-up of stray horses in the country south of the Bow River. These horses are being held at Glendon. Following is a description of the animals captured. Owners can recover their animals by submitting proof of ownership and upon payment of the following charges per head: Branding, \$1.00; Veterinary testing, \$5.00; Advertising, \$5.00; Keep, 25c. per day beginning June 30, 1918.

The Bassano Mail.

Publisher: The Mail Publishing Co., Ltd.
Managing Editor: E. G. Allen

The "Sammy" who went through Bassano on Sunday, were not allowed to depart without an impromptu demonstration in their honor, by a number of young girls, who lived up to the occasion carrying American flags and marched the length of the train singing patriotic songs and concluding with "God Save Our Splendid Men." The Sammys were delighted and touched by this entirely spontaneous reception and cheered themselves hoarse in appreciation.

After witnessing the splendid play and character of this specimen of the American army who came to wonder at the cool optimism which is being displayed "over there" as to the outcome of the war, and the admiration of our leaders on both sides of the Atlantic that the Anglo-Saxon-American race will control the destiny of the world.

As an object-lesson, as to the almost untapped resources yet at the disposal of the Allies, the journey through Canada of such a fine body of men will be invaluable, and more it will find indelible the ties which bind us to our cousins over the border.

BASEBALL

Continued from front page.

3. Gleichen: Payne, 3rd to 1st; Mackay, 2nd to 1st; R. Payne hit by pitcher; Jack fanned.

Bassano: Graham made 1st, error on centre; Billy did it again; Mac to Jack; Burrows fanned.

4. Gleichen: Fleck-hitter Wilson, out at 1st via spectacular play by Craig; Babe at 1st error on Graham; Bob short to 1st; Mac to 1st.

Bassano: Hurley, 3,2,3; Odenkirk, 1,2, pitcher to 1st; Somerville, 1, 2, 2nd to 1st. Benton working well.

5. Gleichen: Benton out to home; Payne fanned; Doe, walked; Payne p. to 1st.

Bassano: Craig, safe hit, on 1st; H. Graham, likewise, home on Bill Graham's 2-bagger; Billy, did it again; Mac, 2-bagger scoring Graham, stole 2nd, walked to 2nd, and stole home, much to Jack's disgust; Burrows walked; Colburn fanned.

6. Gleichen: Jack popped out to 1st; Wilson tried to steal to 1st, afterwards hit safe, Babe hit safe, on 1st; Bob followed suit, Wilson scoring on passed ball; Mac out to Odenkirk's great catch; Benton out at Odenkirk.

Bassano: Odenkirk, 2-bagger, stole 3rd; Somerville safe at 1st; dropped ball, stole 2; Very fanned for a change; Chief Graham hit safe to centre scoring Odenkirk and Somerville; Bill Graham 2-bagger, scoring Chief who knocked Babe off the plate; Billy tried to break the jinx by hitting right handed, changed his mind after merely coming close to it; Benton, and after looking about a dozen of Benton's best, hit "safe, safe, safe," and duplicated the event by sending one dead end fly, and home on Mac's sacrifice; Burrows safe at 1st, error on 2nd; Colburn fanned.

7. Gleichen: Payne 1, 2, 3; Mackay and Joe, good work by Graham; Payne 2nd to 1st.

Bassano: Odenkirk, struck out 1, 2, 3; also Somerville; Craig 2nd to 1st.

8. Gleichen: Jack hit at c + centre; Wilson, also hit safe; Babe popped to Mac; Bob, got tangled up with his bat and hit without the knowledge, scattering a line from the fans which he gave back—some purred; Mac, 3rd to 1st.

Bassano: Chief Graham hit safe on 1st; Graham hit out a fly to centre, which was accidentally caught; Billy, tried to get repulsed again but fanned; Mac, ditto.

9. Gleichen: Benton hit safe to centre; Mac hit a fly to Somerville, which was caught; Mackay safe to 1st; scoring Benton; Payne p. to 1st; Jack hit to centre for 2 scoring Mackay; Wilson 1, 2, 3.

The double-header played at the Mad Hatters enclosure last week resulted in an even split, Bassano taking the first game 12-7, the Hatters taking the second 12-8.

In the first game the pitching of Harry Graham and the hitting of the team as a whole was responsible for the victory, while the Hatters attribute their win to the superior pitching of Myers over Dimpie.

B. Graham, and the big rally made by them in the eighth innings. A very poor attendance witnessed the game, which in the opinion of the Hat reporter, were well worth while.

Every Farmer Needs a Ford

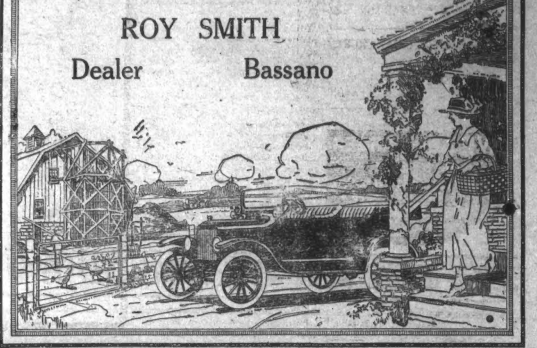

THE Motor Car is a greater convenience to the average farmer than the telephone, the rural mail or even the grain binder.

The binder which is considered as a very useful implement is rarely used more than a few days during the entire year. The rest of the time it stands idle, taking up space, while the automobile is available for use throughout all seasons, and both day and night.

It is ever ready to run down the line to the back field or the pasture with a parcel or a message, or take you and your family to town for shopping purposes—or on an errand to the neighbors.

The motor car is called upon whenever anything is wanted in a hurry. It is the most useful implement or convenience for the farm. It helps you conserve your energy and time for productive work and enables you and your family to accomplish more with less energy. You surely feel the need of a Ford. Why not order one today?

All prices subject to war tax charges, except trucks and chassis.

BUY AN IRRIGATED FARM

From the Canadian Pacific Railway

DECAUSE
Irrigation makes the farmer independent of rainfall; and insures good crops, not occasionally, but EVERY YEAR.
Irrigation makes possible the successful culture of alfalfa, the king of alfalfa, which insures good returns in dairying and mixed farming.
Irrigation means intensive farming and close settlement, with all the advantages of densely populated agricultural community.
Irrigation in the Canadian Pacific Railway Irrigation Act is no longer an experiment, the years that it has been tried leaving absolutely demonstrated successes wherever intelligently applied.
This is the most liberal offer of irrigated farm land on record.
For full particulars, apply to
Allan Cameron, General Supt. of Lands
Canadian Pacific Railway, Department of Natural Resources

Rain At Last

The weather conditions of the past week have been at once encouraging and disappointing.

Encouraging because it has rained a little and disappointing because it has rained a little only.

On Sunday, it rained for about eight hours intermittently but beyond freshening the grain and moistening the top soil it did little good in the vicinity of town. In the south country the fall was heavier and in the north also, they had showers both Monday and Tuesday.

Today, (Wednesday) it has begun to rain heavily in spasms with every indication of a big fall.

Crop conditions are much brighter than last week and the immediate outlook is for more rain.

QUEENSTOWN

The opening of the new Farmers' Hall was a huge success. In fact it was the greatest thing that ever came down the Queenstown pike. The crowd began to assemble around 2 p.m. and from that time until midnight it was one continuous stream of arriving cars. As one thing 125 cars were counted, besides numerous wagons, motorcycles, motor bikes and grain trucks. Several thousand people must have attended the opening.

Practically every farmer between the Buffalo Hills and the Bow River was there, besides many visitors from the north and south. Gleichen, Bassano and Cluny, business men, were well represented. From Cluny everybody came except Lord the chairman.

At 4 p.m. President Macomber called the meeting to order and introduced the Secretary of the Union, J. Glenjeck who gave a brief history of the Union and of the hard struggle it had been to get the hall.

Mr. W. Trapp of Gleichen, second Vice-President of the U.F.A., spoke of what the U.F.A. stood for their aims, objects etc. The third speaker, James Kerr, Non-Parliamentary member of the provincial government from Nanton, generally known as "Farmer Kerr," made use of his famous speeches and received great applause.

At 7 p.m. the crowd adjourned to the basement of the hall where a splendid supper had been prepared by the Queenstown and Bow River Ladies Institute. This was certainly a big spread and people who had been compelled to put up with war ration since the food controller took charge, got one good square meal.

Promptly at nine, lights after supper, the Union band appeared on the scene and they were certainly "home land." In fact, Mr. Miller the leader of the Orchestra was a whole band by himself.

Besides playing on a half dozen or more instruments all at one time, he would get up in front of the stage and sing off and on, make some "fun" funny generalizing, singing, make a speech between each dance and keep the crowd roaring. As the 21st of June is the centenary day of the year it seemed to get dark for a long time, but when it did get dark at last, the Ladies League people who had brought down the plant owned by Mr. James Clark in order to demonstrate their sympathy, turned on the lights, a shower of applause went up from the crowd.

What a difference from those old rocky barren hills we used to have to go by as the "Bassano" or "Bassano" Naves before had the pretty Queenstown and Majorville girls shown up by a better advantage than when under those electric lights.

The good music, bright lights and fine Maple hardwood floor made everybody want to dance. Even old Mrs. Brown, the first white lady in this district who lived here for ten years without seeing the face of another white woman, was seen doing the ice tea in the style.

In the corner of the platform Mr. and Mrs. John Ash were doing an immense business in ice cream, lemonade and other good things. Sixty gallons of ice cream and a barrel of lemonade were served and still plenty of grub. The affair was a great financial success and netted the Committee around \$5.00 which will be devoted to Irish paying for the hall.

The Committee in charge of the opening extends a vote of thanks to the ladies of the district, for the splendid assistance given, which helped to make the affair a success.

The Bassano Minstrels have promised to be on hand Friday evening, June 28th, at the new Farmers' Hall and give one of their famous exhibitions.

The proceeds from sale of tickets will be divided between the "Bassano" and "Hall fund." Judging from the success the Minstrels had at Liberty School some time ago, it will be worth coming to, as everybody comes.

On July 15th the Annual picnic of the Queenstown Farmers' Union will be held at the Bow River near the new bridge, opposite Cluny. In the evening the picnickers will go to the new Farmers' Hall to dance.

PEERLESS POULTRY FENOL

It is the most effective disinfectant for poultry and other birds. It kills all germs and is safe for the birds. It is sold in small bottles for home use.

Making the Forest Fireproof

Rangers Appeal to Public to Keep Vigilant Lookout for Small Fires

A general forest fire has already occurred in various parts of Canada this year. In practically every case the cause was traced to human hands. Small fires, if neglected, will spread and cause a great deal of damage. It is the duty of every citizen to keep a vigilant lookout for small fires and to report them to the nearest fire ranger, railroad agent or municipal officer.

YES! LIFT A CORN UP WITHOUT PAIN!

Cincinnati man tells how to dry up a corn of pain so it will not bother you any more.

You corn-pestered men and women need suffer no more. Wear the shoe that nearly killed you before, says this Cincinnati authority, because this kind of freestone applied directly to a tender, aching corn of callus, corns, corns or corns, will cause the corn or hardened callus to loosen so it can be lifted off, root and all, without pain. Small bottles of freestone costs very little and are sold everywhere. Buy it in bulk and you will find it is so inexpensive and so good that you will use it on every corn or callus you get. It is so good that you will use it on every corn or callus you get. It is so good that you will use it on every corn or callus you get.

A Good Word For Reindeer

Reindeer Supply Milk and are Valuable for Their Skins and Furs

It is high time we heard of domesticated reindeer all across the country. Reindeer are being raised in the Northwest, Canada, from ocean to ocean," said Dr. Willard, who spoke at a meeting of the New England Reindeer Association and the Labrador Branch of the Reindeer Guild. There was a joint meeting at Dr. Grenfell's house, where he was proved by the experience of the reindeer from England, that they will supply milk and are valuable for their skins and furs. He declared that the original herd of 250, introduced into Norway-Neuland instead of Labrador as intended, had multiplied from 250 to 1,250.

Depended On the Mule

Johnny Was Well Informed on the Subject

Speaking at a political gathering, a man from Massachusetts, called on many amusing incidents of the life of a mule. He told of a mule that was depended on for its strength. He told of a mule that was depended on for its strength. He told of a mule that was depended on for its strength.

Million War Women Now in Britain

Remarkable Development in Work Done by Them in Last Post

Speaking at the London exhibition of women's work in munition, produced by Patrick George Kellaway, secretary to the minister of munitions, said that in every one of the women have taken the past year in the actual doing of munition. The development which had taken place in women's work during the last 14 months, continued the speaker, was quite an earlier period of war. In July, 1914, he stated, there were 220,000 women engaged in munition industries. In January, 1917, these numbers had increased to 691,000, and today their number was 1,000,000. A steady stream of trained women was being sent into munition industries from training schools at the rate of 500 a week. Since the ministry of munitions had started the schools, said the speaker, between 40,000 women had been placed in munition industries.

Champions the Conductorets

The conductorets of the street car more picturesque as well as more agreeable. She has softened down the harshness of the conductor and defers to a conductor's difference. It was a happy accident, there was made to meet the public, which called her into being—Philadelphia Public Ledger.

It Is In Demand—So Great is the Demand for the Conductorets

It is in demand—so great is the demand for the conductorets that a large factory is kept continually turning out the conductorets. It is in demand—so great is the demand for the conductorets that a large factory is kept continually turning out the conductorets.

MAKING YOURSELF WELL AND STRONG

You Can Improve Your Physical Condition by Keeping the Blood Pure

People with strong constitutions escape the sufferings of the weak. They make life miserable for others. Don't you want to be strong? You want to know what a headache is, who sleepless nights, who feel the need of this destruction? Have you ever made it? How far do you come from this destruction? Have you ever made it? How far do you come from this destruction?

Protecting Cattle Against Lightning

A number of losses in cattle by lightning have been caused by the electric current passing along fence wires against which cattle sometimes huddle during a storm. A protection against this a writer in an American farm journal recommends the grounding of fence wires.

Saskatchewan Elevators

Twenty of the elevators controlled by the Saskatchewan Co-operative Elevator Co., up to the end of the year, handled from 150,000 to 200,000 bushels of wheat. The latter handled 200,000 bushels.

Do Not Rob the Soil

Coming to the Point Where We Must Build for the Future

The day will come when the farmer who takes more than food out of the soil than it puts back will be the question of soil fertility will be generally understood that robbing the soil will be recognized and the man who practices that kind of farming will be looked down upon by his neighbors. The soil is not a mine from which any man is at liberty to withdraw dividends in the form of crops permanently, putting nothing at all back. The soil must not be exhausted to the point where profit ceases. Generously enriched with the essential plant foods, it will continue to produce profitable crops without end. Practising a system of permanent soil fertilization is not only profitable but is the only method left to future generations.—Farmers' Review.

Strong Enough To Do Homestead Duty

SIDNEY BENT GIVES THE CREDIT TO DODD'S KIDNEY PILLS

Six Years Ago He Had Kidney Disease and His Friends Said He Would Not Live Long

Lydell, Sask.—Strong and healthy enough to do the heavy work of a homestead duty, Mr. Sidney Bent, of Lydell, Sask., is telling his friends of the great benefit derived from using Dodd's Kidney Pills.

"Six years ago I suffered a lot of trouble with my kidneys," says Bent. "I tried a lot of medicine and drugs, but kept getting worse. I felt so miserable that I would not live long."

"One day I decided to try Dodd's Kidney Pills. After taking a few boxes I felt so much better I decided to continue the treatment."

"The result is I have been able to do other work with for the last three winters."

"I would advise anyone suffering from kidney trouble to take Dodd's Kidney Pills."

Dodd's Kidney Pills have made their reputation by curing kidney diseases and the ill that spring from diseased kidneys. They are no cure-all, but if you are suffering from rheumatism, lumbago, sore back, diabetes or some other form of kidney trouble, try Dodd's Kidney Pills. They have done for me."

Acetate of Napalene

Does the reader remember this anecdote of Napoleon? "The British general was told and a victory."

"But always they win the last one," answered Napoleon. —From the Springfield Record.

The Terror of Asthma comes like a thief in the night with its dreadful

thrilling, robbing its victim of his life. It is

Crown Lumber Co. 3

LIMITED.

Crown Lumber Co., Ltd.

JOS. WRIGHT,

Box 26 Nine years local Manager. Phone 31

Local and Personal.

Mrs. E. G. Holley is visiting with friends at Brooks.

Service will be held at the Anglican Church on Sunday next at 7.30 p.m.

Mrs. H. O. Bredin and Miss Dowker spent the week end at Banff.

Shirley Webster was in town on Tuesday, taking in the show with her brother Lorne.

Mr. and Mrs. Scott of Minto, Man., are visiting with their son Dr. A. G. Scott.

Elaine McCorkydale is home on her vacation from Mount Royal College.

The Minstrels are still touring, their latest engagement being at the new U.F.A. Hall at Queenstown.

Engineer McEntee is going to have a field-day soon, during which some of the crossings in town may be put into a safe condition.

It McLean had a hot time the other day at the barbers and bore the marks of his argument for two or three days after.

Ladies who have Red Cross work in hand, are asked to return same by July 4th, as the next shipment must be forwarded shortly.

The Presbyterian Sunday School Picnic will be held on Monday afternoon at the river, leaving the Church at 1.30 p.m.

The B.C. Laundry, which has been closed for the past two weeks will reopen next week, bigger, better and cleaner than ever.

The Angel of the Dan has recently tried a number of experiments with his mosquito Ford, the latest stunt being to loop the loop with it.

Ray Smith is raising a great little war garden this year and hopes to have sufficient time to harvest his crops.

Monday next being Dominion Day, and a public holiday, the banks, post office and stores will be closed all day, and the editor—well ask Hilo McLean.

In spite of the depressing weather conditions there are yet a few farmers optimistic enough to look up every now and again to see if it is going to rain.

The C.P.R. are running special trains from Bassano to Calgary for the Exhibition on Saturday June 29th and Thursday July 4th. The train will leave Bassano at 7.30 a.m. each day.

Registration Day passed off very quietly in spite of the anticipated rush of applicants for certificates. Deputy Smith and his assistant deputies handled the situation with ease and no little credit.

The Hutton Boaters' Club are staging a Baseball Game and Dance for July 4th. Concert will provide the attraction for the former and Horns' Orchestra for the latter. In other words a good time is assured.

The Ball Team went to Calgary yesterday to play a double header with the Hustlers of that burg. Calgary has stolen our Ball Team's sobriquet, but they forget that it takes a real Ball Team to wear it with dignity.

As we go to press a message just received from Calgary to the first game reads: Bear Cats, 7—Calgary, 4; the last game, 12-12 called at the 9th. Bear Cats scored 8 runs in 8th and 9th.

A special Patriotic Service for Children and Adults will be held at the Presbyterian Church on Sunday at 10.30 a.m. A specially illustrated programme will be distributed and used in this Service. Parents are urged to attend the service.

Eves and Adams are to be seen in counterpart every day, but one of the Adams we know of will not be seen for a long time to come, since the debacle which occurred when Gladwin were walloped again last Monday.

PUBLIC NOTICE

Military Service Act, 1917.

Men 19 and 20 Years of Age.

Harvest Leave.

Leave of Absence on Ground of Extreme Hardship.
Procedure to obtain Leave of Absence.

Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling upon such men to go to report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

Leave of Absence on Grounds of Extreme Hardship.

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:—(a) where extreme hardship arises by reason of the fact that the man concerned is either the only one capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for service overseas, or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependants.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.

ISSUED BY DEPARTMENT OF MILITIA AND DEFENCE,
DEPARTMENT OF JUSTICE.
